### ***Reasons for Allowance***

Claims 27 – 38 are allowed over the prior art of record. An examiner's statement of reasons for allowance is given in the following:

Claim 29 – 31 and 35 – 37 are allowed because Claims 29 and 35 are amended as independent claims to include allowable subject matter as recited in the *Office Action* mailed to applicant on 05/24/2004.

Claim 27, 28, 32 – 34 and 38 are allowed because the prior art does not teach or fairly suggest the following subject matter:

- For a first set of sub-regions, wherein each sub-region of the first set includes only one contact point, identifying a first set of potential routes, wherein each route in the first set of potential routes traverses the first set of sub-regions through the contact point of each sub-region of the first set; wherein the contact points are located at the same location in each sub-region and each of a plurality of sets of potential routes has at least two routes in combination with other limitations recited in independent Claim 27 and Claim 33, respectively.

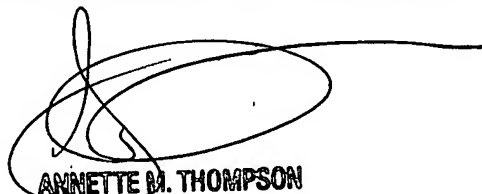

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".
